## After the Grip

Relief from Hood's Sarsaparilla  
Wonderful and Permanent.

"C. L. Hood & Co., Lowell, Mass.:"

"I had kidney trouble and severe pains in my back, which was brought about by a cold contracted while in camp at Linnfield in 1902. I have been troubled more or less since that time and have been unable to do any heavy work, much less any lifting. I received only temporary relief from medicines. Last spring I had an attack of the grip, which left me with

physically, in fact my system was completely run down. I tried a bottle of Hood's Sarsaparilla and it made me feel so much better that I continued taking it, and have taken six bottles. It has done wonders for me, as I have not been so free from my old pains and troubles since the

## PANIC IN A THEATER.

Incidents of the Florence  
Earthquake.

A dispatch from Florence to the Daily News gives some description of the scenes of panic and disorder in that city that accompanied the earthquake.

The damage was widespread and so general that the News' correspondent asserts that there is hardly a house in the whole City of Palaces, cathedrals and repositories of the treasures of art of all ages that has not suffered.

A performance was in progress in the great opera-house, which seats upwards of 20,000 persons, when the first shock was felt. A great rumbling was heard, and the structure seemed to sway and rock to its foundations.

People jumped from their seats. A great outcry ensued, the people being in a state of the utmost panic. Many fled from the theater, with the instinct to make for the open space which always takes hold on the crowd in the presence of an earthquake.

The more plucky, however, remained, and, assuring each other that the danger was passed, resumed their seats and the performance continued. It was still in progress when the second and severer shock was felt, and the whole audience fled to the narrow streets.

Fabulous prices were offered for conveyances in which to get away from the city or to sleep in. Many rich American and English tourists were successful to secure omnibuses in which to spend the night.

All kinds of vehicles were employed as sleeping quarters by the population. It is calculated that there were 4000 carriages used in this way in Florence during Saturday night.

A Remarkable Cure for Rheumatism.

WESTMINSTER, Cal., March 21, 1894.—Some time ago, on awakening one morning, I found that I had rheumatism in my knee so badly that as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store I sent for a bottle, and rubbed the afflicted parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. R. T. HARRIS. For sale by all dealers.
